Important Questions	Answers	Why This Matters:
What is the overall deductible ?	No Deductible	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible
Are there services covered before you meet your deductible ?	No.	
Are there other deductibles for specific services?	No	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for your health care expenses
What is the out-of-pocket limit for this plan ?	The max out-of-pocket is \$7,900 per plan participant and \$15,800 per family unit.	
What is not included in the out-of-pocket limit ?	Premiums, balance-billed charges, Prior Authorization Penalties, and health care this plan does not cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes, when utilizing a network provider, a discount is applied.	There are no benefits for out-of-network services
Do you need a referral to see a specialist ?	No	Has to be an in-network specialist for the service to be covered by the plan
